

# Physical Education

Learning through Play Foundation

## Unit Purpose

The unit of work will challenge pupils to use their imagination to **create simple games** using a wide range of equipment.

By working with themselves and with a partner, pupils will collaborate and share their ideas. Pupils will begin to take on different roles and responsibilities when playing games.

## Inspire Me

**Did you know...** that the fastest speed ever recorded by a jet powered car on land is 763 mph. The fastest speed a car is allowed to go in the United Kingdom is 70 mph.

## Key Success Criteria

- P** Pupils will explore ways of playing and using different types of equipment. Pupils will learn how to play safely and move into a variety of spaces.
- C** Pupils will use their imagination explore different ways of moving and using the equipment. Pupils will use their concentration skills to understand the instructions.
- S** Pupils will develop life skills such as empathy and fairness when playing games with others. Pupils will learn how to take turns and work with others.
- W** Pupils will start to explore honesty, as they learn to keep the score, and self belief by understanding why it is important to try our hardest.

## Vocabulary for Learning

- Play:** is an activity that involves enjoyment.
- Sharing:** to ensure that a game is played fairly pupils should be encouraged to share and take turns.
- Safe:** Safe means being able to play or compete in an environment where we are protected from danger or harm.
- Taking Turns:** is a social skill whereby pupils alternate (one at a time) an activity, challenge or task.
- Fairness:** is when we make judgements in accordance with the rules and treat everyone equally and fairly.
- Travel:** is a method of moving around the space using either our bodies or a piece of equipment.
- Vehicle:** is a method of moving, using a piece of equipment.
- Partner:** is a person who is doing the game activity, game or challenge with somebody else, with the aim of achieving the same goal.
- Speed:** is the ability to move parts of the body or our vehicle, as quickly or as slowly as possible.
