

# Collage

Key word	Definition
Collage	Collage is a way to cut, rip and stick different surfaces together to create an art piece.
Layering	Layering is a process of placing one surface on the top on another. Collage can use layer but it doesn't have to.
Experimentation	Experimentation is a way to test and find out something.
Overlap	Layers are arranged to extend and partly cover.
Contrasting colour	Colours that are opposite to each other (such as blue and orange).
Line drawing	An image that uses only line.
Composition	This is how you arrange your art piece – where things go.
