

St Saviour's Catholic Primary and Nursery School

Subject: Science

Topic: Inventors and Scientists

Year: 1

Strand: Physics, Chemistry, Biology

What should I already know?

- Rockets go up to space.
- There are planets in space.
- Chester Zoo is a place full of different species of animals.
- Humans and animals have sense.

What am I going to learn?

- Mae Jemison is an amazing scientist who was the first African-American woman to go into space.
- George Mottershead created the first zoo without cages in England.
- Chester Zoo was opened in 1931.
- Linda Brown Buck is an American biologist. She discovered that mammals can smell over 10,000 different smells.

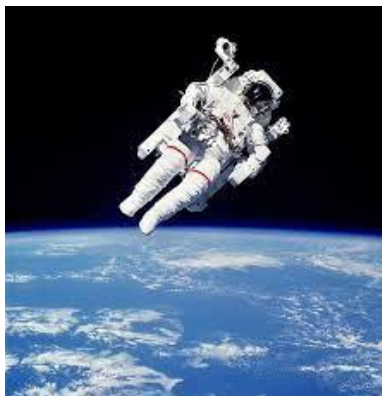

Vocabulary

Scientist: Scientists study the world around us, the people and animals in it as well as studying space. They do this by observing and by doing experiments.

Inventor: An inventor makes or discovers a new way of doing something. They might make something new.

Astronaut: An astronaut is a person who is trained to travel into space.

Biologist: a scientist who tries to understand the natural world and things that live in it.
